BUTTE CURRENT NOTES.

The A. O. H. will hold a special meeting at their hall tonight.

The work of pulling down the old Owsley clock progressed rapidly yesterday.

Eugene Shortleaves has returned from Deer Lodge, where he has been a guard at the pen.

Charley Schmidt has purchased Ed Kuney's chicken ranch near the Columbia gardens.

The erection of the McNamara block is temporarily suspended awaiting the arrival of columns that have been ordered.

The body of Charles A. Jones will be disinterred and shipped to the Flathead county where the deceased's parents live.

Secretary Elting has received word from a horseman of Grand Rapids, Mich., who says he will have an entry for the free-for-all and the 217 class races.

A cow fell into the ditch that is being dug at the corner of Main and Quartz streets yesterday morning, and it required three teams and a dozen citizens with ropes to extricate the animal.

An accident occurred in the power house of the electric road yesterday morning, which nearly wrecked the machinery. The switchboard was burned out and one of the cars was damaged to the extent of about \$100.

William Jones, residing at Centerville, was injured yesterday by the careen of a water trench in which he was working. Fortunately his injuries proved only slight and he will be able to resume work in a few days.

A warrant for the arrest of Ed Denos was issued by Judge McMurphy yesterday on complaint of H. D. Thompson. Denos is charged with the larceny of an overcoat and a guitar belonging to the complainant. Before the theft was discovered Denos had left for Helena, where he is now in custody.

WORK OF BURGLARS.

A Deer Hall at Centerville Broken Into and Robbed.

BUTTE, June 23.—About 3 o'clock this morning burglars broke into the deer hall of Combs & Yoniton at Centerville. The doors had been securely locked and barred for the night, but entrance was effected by smashing in the door. The cash-drawer only contained about \$1 in small change, but the mineral cabinet was despoiled. This contained, besides valuable curiosities and minerals, three English sovereigns, a \$2 bill, a \$1 bill and several silver coins. These were taken. The safe was not disturbed, the burglars evidently not having any tools. The robbery was discovered about 5 o'clock this morning when Mr. Combs went on shift. The people of Centerville are anxious for police protection and have petitioned the county commissioners for policemen. Some of the people think the best thing they can do is to get annexed to the city.

THE SUMMER NORMAL.

BUTTE, June 23.—Those who are attending at the Summer Normal school express themselves as being highly pleased with the work and institution. The regular programme begins at 9:30 a. m. and closes at 12:30 p. m. Those enrolled as members of the institution are given an opportunity to have lessons in elocution and elocution. Any one not attending the institution in the morning can enter this class at a small cost with the privilege of taking part in the declamatory contest at the end of the session. Persons desirous of entering the class should see Prof. J. A. Riley at the school house. The session is in session from 3 to 4 o'clock each afternoon.

Green Goods Men.

BUTTE, June 23.—T. E. Goyett, one of the counterfeits, was convicted of petty larceny in Judge McMurphy's court today. He was sentenced to pay a fine of \$20 and costs and to serve a term of 60 days in the county jail. Another charge of impersonating an officer still hangs over him, and of this he has also been found guilty. A decision will be rendered to-morrow, when W. G. Ward, another member of the gang, will be tried for the same offense.

\$1,000 Reward.

The city of Butte, Mont., will pay a reward of One Thousand Dollars for the apprehension and conviction of the person or persons who murdered W. J. Penrose upon Montana street, in said city, on the night of June 9, 1891. Said reward to be paid after arrest and conviction of the culprit, to the person or persons causing the same, at the office of the city treasurer.

The New Railroad.

BUTTE, June 23.—Engineer Macfarlane said today that the most of the survey work for the road between Butte and Anaconda has been completed and a few days more will see this work all done. In a few weeks construction will doubtless be well under way.

Snow and Hail.

BUTTE, June 23.—Today is the 231st of June. It snowed and hailed three times in this city. There was quite a fall at 5 o'clock this morning, a light one at 11 o'clock, and another between 5 and 6 o'clock this evening. In spite of these falls of snow, old timers predict an open winter this summer.

For Rent.

A five-room brick house, bath and all modern improvements. Apply to W. C. Fenner, 19 East Broadway, Butte.

CRACKERS AND SQUIBS

The Fire Works Ordinance Resolves its Death Blow.

RULES FOR PAWN BROKERS

An Ordinance Limiting the Privileges of Dealers in Second-hand Goods—Straightening of West Granite Street.

BUTTE, June 23.—The fire works ordinance died in the judiciary committee of the city council this afternoon. As instructed at the last meeting of the council, the city attorney drew up an ordinance which prohibited the firing off of bombs, skyrockets or fireworks of any kind within the part of the city bounded by Copper street on the north, Arizona on the east, Galena on the south and Montana on the west. An exception was made in favor of the small, ordinary firecrackers, provided only one firecracker be fired at a time. But if a boy fired two firecrackers together he was subject to arrest. Alderman Reiche suggested that the scope of the ordinance be extended to the entire limits of the city. But as the aldermen talked the matter over it became apparent that a change had come over the feelings of most of the aldermen since the last meeting. According, however, to the sentiments expressed, it was not so much patriotism which occasioned the change in feeling among the aldermen to-day as it was the influence brought to bear by dealers who have laid in their usual complete stock of fireworks, and would be ruined if they were left on their hands. It was therefore decided that this ordinance be laid over for future consideration.

One of the best ordinances ever prepared in the city of Butte was that prepared by the judiciary committee at its meeting this afternoon relating to pawnbrokers. These representatives of Butte have had altogether too much license for a year, but if this ordinance is enforced they can easily be kept within bounds. In the first place, it was provided that all pawnbrokers, or even brokers or dealers in second-hand goods, must take out a license, and that by failure to do so they shall pay a fine of \$100 per day. It is next provided that they shall put up a bond of \$2,000 for the faithful performance of the provisions of the ordinance. This bond had been originally fixed at \$500, but it was decided that \$2,000 would not be any too much.

It was provided in section 5 that each pawnbroker shall keep a book in which shall be written in ink at the time of each transaction an accurate account in the English language of things purchased or pledged, the amount loaned on each article pledged, the rate of interest, the date of the pledge, the name of the person pawning, and that no entries shall be erased or defaced.

It is provided further that the loan book shall be open at any time to the inspection of any police officer. It is also required that the pawnbroker present, at the time of the inspection, a list of every article pledged the preceding day, with the name and description of the person pledging, and turn this over to the police.

It is not allowed to keep open pawnshops between 11 p. m. and 7 a. m., or on Sunday. It is not allowed to take any pledge from a minor or a person who appears to be intoxicated, or any person who is known to be a notorious thief or who has been convicted of larceny or burglary. No person shall be employed in a pawn shop under the age of 16 years.

In regard to opening a street through the Silver and Maximilian lodges it was decided to wait until the courts decide on the ownership of the property, in fear that the city might become involved in litigation.

It was decided to recommend the passage of an ordinance widening and straightening West Granite street between Jackson and Grey streets, so as to make the street here conform with the size of the street in the rest of the city. The distance is about 200 feet.

AN EARLY START.

Young Boys Who Get Drunk on Liquor—The Nugent Children.

BUTTE, June 23.—On investigation it was found that the liquor furnished to the Nugent children was done without the knowledge of their mother, and instead of being for her, as was at first supposed, it was for some of the grown school boys who were afraid to go for it themselves and induced the Nugent boys to get it for them. After getting the whiskey the boys would go to what is known as the "Endless" and have a "blow over." Mrs. Nugent found this out and severely punished the boys for drinking. The grandmother of the children, for such they are, for it is the saloon keeper to give the boys any more liquor.

This matter requires the attention of the school board, and if such a thing is being practiced by the boys, vigorous means should be resorted to to prevent it.

Real Estate Transfers.

BUTTE, June 23.—The following transfers were recorded at the office of the county clerk since our last report:

One Murray to Michael McKee one-half interest in the June Rock lode claim, 25 00
 One Murray to Michael McKee one-half interest in the June Rock lode claim, 25 00
 One Murray to Michael McKee one-half interest in the June Rock lode claim, 25 00

A Crime Solv'd.

BUTTE, June 23.—A sulky, road wagon and set of harness was sold on a cattle mortgage given by Charles R. Barker to Mary Moffat today by Under Sheriff Gallagher at the race track. The chattels were sold for \$80, which in part satisfies the claim.

The New "Standard" Rig.

BUTTE, June 23.—The STANDARD's new and serviceable new delivery wagon was the subject of admiring comment in the streets of Butte today. The rig is gotten up in an exceedingly neat manner, with the STANDARD's well-known headline lettered on the box.

Notices to Minors.

Bids for contract for sinking shaft, as advertised by the Cumberland M. & S. Co. of Castle, Mont., will be received until July 5. In addition, bids will be received until the same date, for contract to run 300 feet of one continuous drift on present working level of same shaft, and for sinking and timbering with on vein from same level a depth of 200 feet.

Particulars of all work may be obtained in Butte from T. S. Ash, president of the Cumberland M. & S. Co., who will be at the McDermott hotel on Thursday, June 23, or otherwise upon application at the company's office at Castle, Mont.

Only \$40 to Pueblo and Return.

To those desiring to attend the opening of the Colorado Mineral Palace at Pueblo, July 4th, the Union Pacific will sell tickets at one fare for the round trip on July 1 and 2. Tickets good to return until and including July 20.

MINA MARTIN'S BOY.

Why He Was Not Pinned in the Care of His Father.

BUTTE, June 23.—At the opening of the case of Mrs. Mina Martin to show cause why she was not guilty of contempt in not handing over the 4-year-old boy Willie to the custody of his father, her attorney Thompson Campbell, drew attention to the fact that the affidavit referring to this had been filed prematurely, as had the one referring to the language used by the defendant to her husband. These affidavits were withdrawn, and the counsel for the plaintiff explained the premature filing of them as a mistake.

An affidavit was read, made by the lady in question, to the effect that the boy had been taken to the home of her relatives in Canada, ostensibly for the benefit of his health, he being sick at the time, and a change of climate was found necessary. The affidavit also read that the child had been returned and presented in court within 20 days. The court said she was entitled to a reasonable time in which to produce the child, so long as she shows a desire to do so. The opposition counsels expressed their willingness to submit to this order if the necessary guarantee of good faith was furnished. They also asked what would be the result in the event of the lady neglecting to produce the child, to which the court replied she would be imprisoned until she submitted to this order. The counsel for the defendant asked for an inspection of the letters which passed between the husband and wife in order to enable him to prepare his answer. His request was granted. The time of the trial will be determined after the expiration of the 20 days.

An order was served on Mina for the surrender of the children to their father by Under Sheriff Gallagher, which has been misinterpreted, and the claims she was never served with the order.

DISTRICT COURT NOTES.

Business That Occupied the Attention of the Judge Yesterday.

BUTTE, June 23.—G. W. Yeager had three cases in Department II. of the district court this morning; two against O. B. Benson and one against John E. Lloyd. Twenty days were allowed in all in which to prepare a statement.

The Morrison divorce case was continued until June 29.

Information was filed against Charles Langlois for resisting and opposing a deputy sheriff in the discharge of his duty. The time for the hearing of this case has not yet been fixed.

In Department I. the plaintiff was granted leave to amend the complaint and summons in the case of Jas. A. Murray vs. The Original Mining company, by inserting the names of the Colorado Smelting and Mining company, Jas. R. Clark and Miriam Clark, as party defendants in this case.

A complaint was filed to-day by Paul Fox vs. his wife Maggie, for a divorce. This is rather a peculiar case. It appears that the couple were intermarried on May 26 of last year. Scarcely a month had elapsed when Maggie deserted Paul without any reason being assigned for doing so, hence, the suit for divorce. W. L. Lippincott will look after the interests of the plaintiff.

THE BAPTIST SOCIAL.

A Pleasant Time Enjoyed by the Young People.

BUTTE, June 23.—A very enjoyable social was held this evening at the First Baptist church, given by the young people of the congregation. In addition to a choice collation of strawberries and cream, the following excellent programme was rendered:

WALKERVILLE NOTES

Work of Sinking the Deep Shaft in the Alice Mine.

DAMAGE BY HEAVY RAINS

Doings of the City Council—Matter of Street Grading—A Little Row—Matters Personal.

WALKERVILLE, June 23.—This morning the shaft of the Alice mine was down 81 feet below the 1,300, and one week from to-day, at the present rate, the 1,400 foot level will be reached. The company will immediately continue to the 1,500. Good progress is being made. The work of the Alice company in all respects is progressing well. Every stamp is dropping. Twenty-two bars of bullion were shipped by the Alice last night.

The mine culvert near the Magna Charta mine has caved in, and if the rain continues a day or two longer it is feared that the mine will be filled with water. A corps of men has been busy today digging a ditch to carry the water away.

The rains of the past week or two have raised havoc with the Alice dump. The dump is saturated with water, and it is being washed away at the rate of 2 1/2 feet per day.

The Walkerville council at its meeting last night referred to the judiciary committee ordinances that are being prepared on garbage and street grading. The ordinance in relation to garbage provides for the removal of all garbage in the city regularly. Walkerville is profiting by the mistakes of Butte and will not have any garbage cans. The garbage will be collected and carted away by the city, and the charges to residents will be just enough to bear the expense of the team and men. The charges will range from two bits upward, according to the size of the family.

The street grading ordinance will establish the grade of streets all over the city. Its provisions will be such as to work no hardship on people who have constructed sidewalks. A little grading and some sidewalk building will be done, but the city will go slow in this matter. The judiciary committee will report on these ordinances at the next meeting.

There was another row at the East Gray Rock, in East Walkerville this morning. A complaint was sworn out for the arrest of John Downey on a charge of quarreling, challenging to fight, etc.

Mrs. Ellen McKee of Butte today opened the McKee house in East-day street owned by Mrs. Mary Stacks, who is now at Spokane Falls with her son-in-law, Patsy Clark.

M. J. Kennedy, James Burke and George F. Kelley today leased to Bob Neill and Thomas Thompson for one year the Eagle mine. O'Neill and Thompson also leased from M. J. Kennedy, James Burke, George F. Kelley, Frank Bateman, G. W. Newkirk and George Bell the St. Patrick claim. A shaft has been sunk on the west end, and this property will be worked from the Eagle. The properties are understood to be very valuable.

Give Him a Call.

Mr. Paul Davis has bought the Atlantic Garden, on Main street, adjoining the Boyce corner, and has assumed personal control of the business. Everybody in Butte knows Paul, and a host of friends will greet him in his new place of business. He is the kind of a hustler that is sure to control a liberal patronage in a city like Butte. In all his extended saloon experience in this city he has enjoyed the reputation of keeping only first-class goods, and for doing business on the square in every particular. After the Fourth he will remodel the resort, and it is his intention to make it the finest place in the northwest. A first-class restaurant will then be a feature of the place, and in the meantime an inviting lunch will always be at the disposition of patrons.
